WARNING

Adult assembly required.

WARNING

Maximum user weight: 220 lbs (100kg) per child.

WARNING

CHOKING HAZARD:

Adult assembly required. Keep small assembly parts out of reach of children.

 Use under adult supervision.

**OBSERVE ALL STATEMENTS AND WARNINGS TO REDUCE THE LIKELIHOOD OF SERIOUS OR FATAL INJURY.
SAVE THIS SHEET FOR FUTURE REFERENCE.**

OPERATION INSTRUCTIONS

1. An adult should always supervise use of this product by children of all ages.
2. Instruct children not to attach items to the playground equipment that are not specifically designed for use with the equipment (examples: ropes, clothesline, pet leashes, cables and chain, etc) as they may cause a strangulation hazard or any other hazard.
3. Never allow children to use the equipment in a manner other than intended.

MAINTENANCE INSTRUCTIONS

1. Inspect the product periodically for loose or damaged components. **Tighten bolts if need.**
2. Check all connections and bolts for tightness at least twice monthly during the usage.
3. Check all coverings and bolts for sharp edges.

INSTALLATION INSTRUCTIONS

Please have an electrical drill available for assembly if possible.

If you have difficulty in installation, please contact us for help and get installation video for reference.

Please Ensure:

1. You are assembling with at least two people to ensure that all sides and parts are leveled.
2. You don't screw the parts in too hard or it will splinter the wood.
3. You follow the directions carefully.

CONTACT US BEFORE ASSEMBLY IF:

- You need assistance with assembly
- You need a replacement part due to a missing part or defective part

Call us at 888-697-3931 M-F 9AM-5PM PT

or email us at info@avenlur.com

Assemble steps

A: From page 3 to page 9

B: From page 10 to page 17

C: From page 18 to page 23

These are also Optional Additional Add-Ons that can be purchased separately, and they can be freely combined. When you purchase multiple sets of products, you need to lock the screws L first and then fix them on the wall.

Wall

A

When you only purchase frame **A**, please fix it on the wall according to page 7.

When you purchase multiple sets of products, you need to lock the screws L first and then fix them on the wall.

Please refer to pages 30 to 34 for assembly.

A		12
M		1

The protruding end of the part ③ & ③⑤ need to correspond to the hole of part ① when installed.
Fix the side with protruding end first.

Note: The reserved length of the rope after knotting should be more than 1.97in here.

B Wall

When you only purchase frame **B**, please fix it on the wall according to page 14.

When you purchase multiple sets of products, you need to lock the screws L first and then fix them on the wall.

Please refer to pages 30 to 34 for assembly.

06-1

Remove all screws **C** and take down the frame.

07-1

Note: Make sure the blue seal rim on the nut is facing outward towards you. You may need to twist very hard to secure (and if needed spray WD-40) being that it's meant to be very tight and secure for children to climb on!

Screw all the **Q** nuts loosely first to get them in their place. Then tighten them afterwards. If some are too tight to begin with, the other rings will not have room to attach.

Wall

D

When you only purchase frame **D**, please fix it on the wall according to page 29.

When you purchase multiple sets of products, you need to lock the screws **L** first and then fix them on the wall.

Please refer to pages 30 to 34 for assembly.

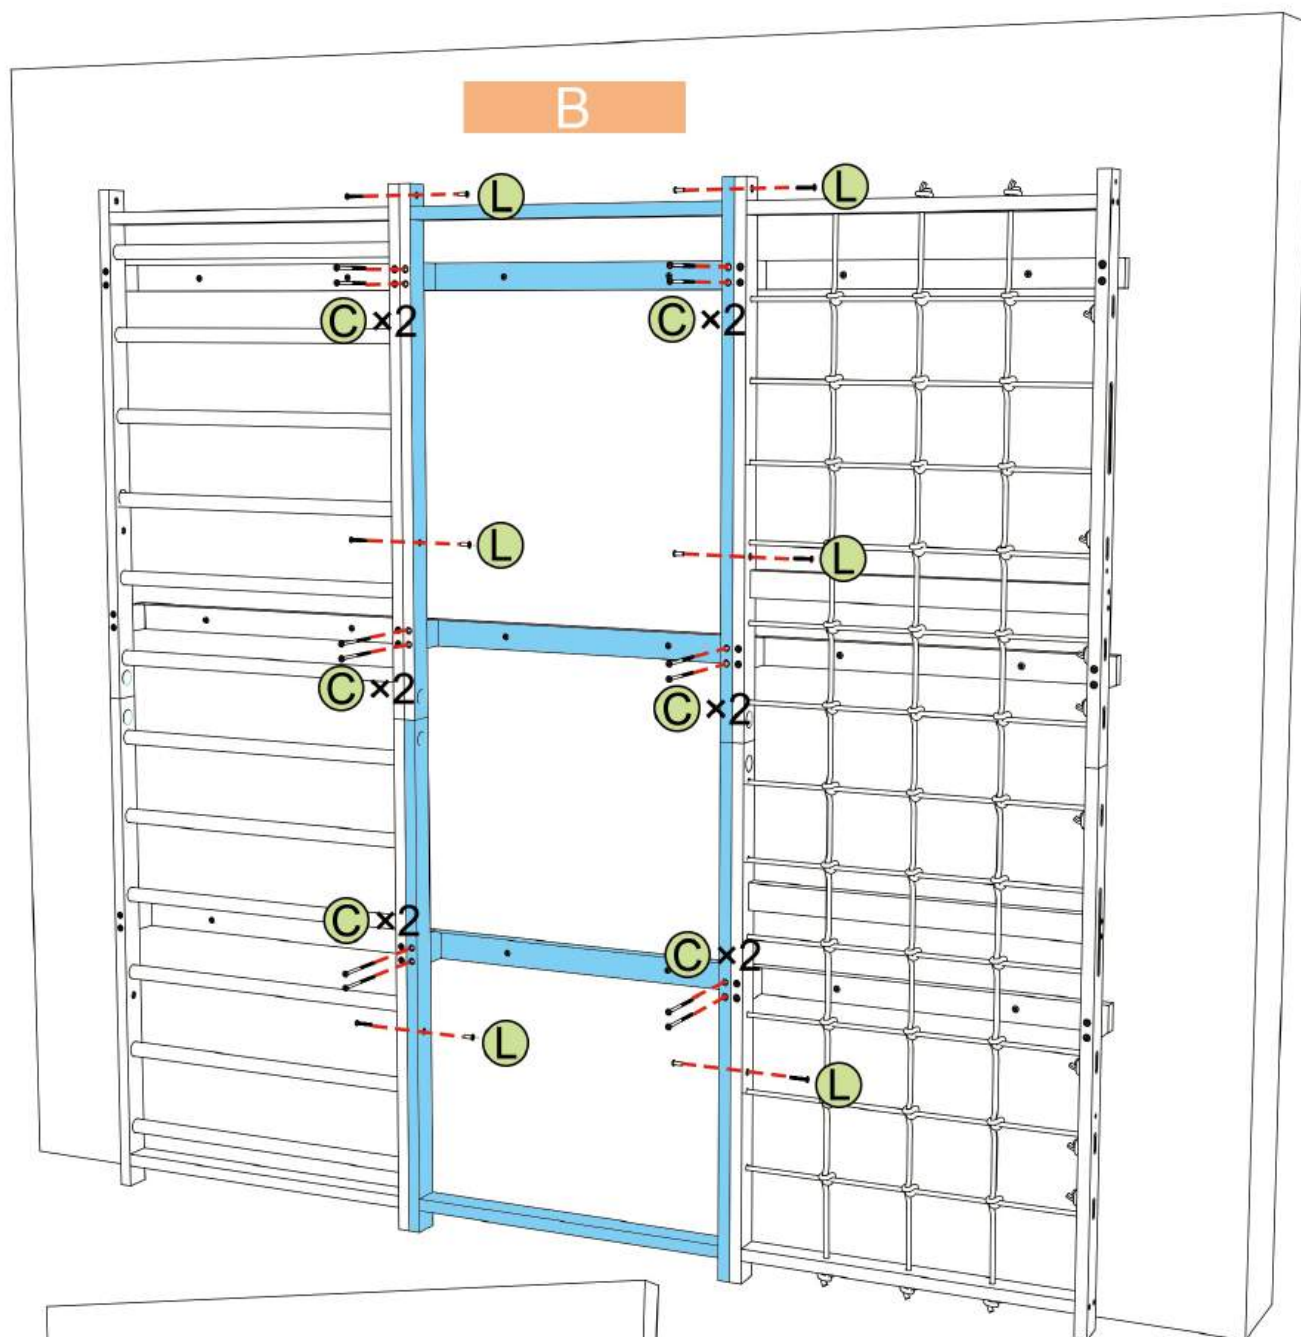

When you purchase multiple sets of products, you need to lock the screws **L** first and then fix them on the wall.
