The product is suitable for children under 3 years old or weighing less than 15kgs who can sit up independently.

IMPORTANT! KEEP FOR FUTURE REFERENCE: READ CAREFULLY.

WARNING

1. Never leave the child unattended.
2. Always use the restraint system.
3. Falling hazard: prevent your child from climbing on the product.
4. Do not use the product unless all components are correctly fitted and adjusted.
5. Be aware of the risk of open fires and other sources of strong heat in the vicinity of the product.
6. Be aware of the risk of tilting when your child can push its feet against a table or any other structure.
7. Please ensure that the high chair has been assembled correctly by following the instruction sheet provided. Failure to do so can cause harm to your child.
8. Do not use the product until the child can sit up unaided.
9. Do not use the product if any part is broken, torn, or missing.
10. Please always use the chair on a flat, even surface.
11. The chair must not be used as a toy.
12. Do not allow your child to stand up while in the high chair.
13. Ensure your high chair is fully erected before placing your child inside.
14. Regularly check all parts for wear or damage.
15. Please keep this manual for further reference.
16. Please ensure that the high chair is assembled by an adult.
17. Always use the chair attachment system and ensure it is correctly fitted before use.

18. Always check the security and the stability of the chair mounted seat on the adult chair before use.
19. Do not use this chair mounted seat on stools or benches.
20. Prevent serious injury or death. Do not use in motor vehicles.
21. Until child is able to get in and out of the booster seat without help (about 2 1/2 years old), the child should be secured in the booster seat at all times by the restraining system. The tray is not designed to hold the child in the chair.
22. Use this product only for children capable of sitting upright unassisted.
23. Ensure that the adult chair with the chair mounted seat is placed in a position where the child is not able to use its feet to push against the table or any other structure as this can cause the tip over of the adult chair supporting the chair mounted seat.
24. Do not use accessories or replacement parts other than those approved by the manufacturer.

FALL HAZARD: Children have suffered severe head injuries including skull fractures when falling from high chairs. Falls can happen suddenly if child is not restrained properly.

Always use restraints, and adjust to fit snugly.

Tray is not designed to hold child in chair.

Stay near and watch child during use.
