WARNING

Adult assembly required.

WARNING

Maximum user weight: 55 lbs (25 kg) per child.

WARNING

CHOKING HAZARD:

Adult assembly required. Keep small assembly parts out of reach of children.

 Use under adult supervision.

OBSERVE ALL STATEMENTS AND WARNINGS TO REDUCE THE LIKELIHOOD OF SERIOUS OR FATAL INJURY. SAVE THIS SHEET FOR FUTURE REFERENCE.

OPERATION INSTRUCTIONS

1. An adult should always supervise use of this product by children of all ages.
2. Instruct children not to attach items to the playground equipment that are not specifically designed for use with the equipment (examples: ropes, clothesline, pet leashes, cables and chain, etc) as they may cause a strangulation hazard or any other hazard.
3. Never allow children to use the equipment in a manner other than intended.

MAINTENANCE INSTRUCTIONS

1. Inspect the product periodically for loose or damaged components. **Tighten bolts if need.**
2. Check all connections and bolts for tightness at least twice monthly during the usage.
3. Check all coverings and bolts for sharp edges.

INSTALLATION INSTRUCTIONS

Please have an electrical drill available for assembly if possible.

If you have difficulty in installation, please contact us for help and get installation video for reference.

Please Ensure:

1. You are assembling with at least two people to ensure that all sides and parts are leveled.
2. You don't screw the parts in too hard or it will splinter the wood.
3. You follow the directions carefully.

CONTACT US BEFORE ASSEMBLY IF:

- You need assistance with assembly
- You need a replacement part due to a missing part or defective part

Note: Pay attention to all the black bubbled section markers. The manual may referback to those later

First: Put the connector in the hole with the crosshairs facing out. Use the Philips screwdriver side of one tool part **E** to hold the connector stationary for the threading of the screw go in.

Second: Use the hex side of the other tool part **E** to thread the screw into the hole of the connector.

Make sure the angle of the bevel is consistent as shown, and stand it up to install the next steps.

05-1

Note: We suggest using tool **E** to tighten the screws to prevent shaking. Tool **E** can be used both during assembly and folding. Do not lose it.

If tool **E** is used to tighten, you also need it to loosen. If tightened by hand, you can loosen by hand.

E	4mm	2
----------	-----	---

Note: Make sure the screws are tightened before each use. Do not use if screws are loose.

You can tighten by hand the **C** screws, so that unscrewing them will not require the tool. Hand-screw them into the holes of the bar for folding, as shown.
